

GUIDE TO ASGA WORKSHOPS

Spring

2023 SPRING STUDENT GOVERNMENT SUMMIT

How do you choose which workshops to attend? Look for these icons on the conference schedule to decide which workshops will best meet your needs.

Goal-Setting Techniques

Often our SG sets goals at the beginning of the term, but by mid-term we have lost our way; not made the kind of progress we wanted; or, found that we cannot achieve what we set out to do. Sometimes it is the loftiness of our expectations that were a problem from the start. Other times, we just did not operationalize the goals with action plans. These sessions are designed to provide your SG with techniques for realizing your full potential. If the outcome of your SG work does not measure up to the goals you established, then someone from your delegation should attend one of the sessions with this icon.

Ethics & Integrity

In a world where the media is consistently highlighting authority figures who have lost their way ethically, it is important for us to ensure we are reflecting on our own actions and those of our SG. These sessions are designed to provide you with a framework for assuring yourselves and the students you represent that your SG's work benefits them, not the individuals serving them. If you think it is time to take stock of this issue, then you or someone from your delegation should attend one of the sessions with this icon.

Organization Effectiveness

Whether you are a newly established, struggling, or high performing SG, organizational effectiveness is an essential aspect to your fulfilling your mission and established goals. These sessions are designed to set your SG up for success with tools. If your SG identifies this as a potential issue, do yourselves and your student body a favor – ensure that someone from your delegation attends any of the sessions with this icon.

Structures and Systems

The operations of any SG are regulated by the structures and systems in place. If your SG is not performing as effectively as it should, then we encourage you to assess whether those structures and systems are an obstacle in achieving your goals. If your SG identifies this as a potential issue, you should ensure that someone from your delegation attends any of the sessions with this icon.

Teambuilding

Sometimes, as individuals, we are so focused on getting things done that we forget that it takes teamwork to make the dream work. These sessions are designed to enhance the “feel” of your SG to allow you to work together to accomplish more, while also enjoying the experiences with those with whom you are working. If your SG struggles with teambuilding, then someone from your delegation should attend one of the sessions with this icon.

Effective Advocacy

A core responsibility of every SG is to effectively advocate for the wellbeing and best interests of the student body. If we are not focused on serving all students, then we are not doing our jobs as SG leaders. Whether it is administrators on campus, individuals within SG, or your SG’s approach to advocacy, if you feel your SG needs help in this area, be sure that someone from your delegation attends any of the sessions with this icon.
